## GROWNUPS -

Read, write, talk, sing, and play together to help prepare your child for school by developing pre-reading skills!

### READ!

- **Keep reading fun! If someone is having a bad day, try again.**
- **Read different types of things, including books, signs, and labels. Words are all around us.**

### WRITE!

- **Scribbles are important to writing. Scribbles become shapes. Shapes become letters.**

### TALK!

- **Strive for five back and forth interactions when talking.**
- **Give five seconds after asking a question to get an answer. Brains are still developing.**

### SING!

- **Singing slows down words and sounds used in talking.**
- **Don't worry about how you sound. Your child wants to hear your voice.**

### PLAY!

- **Encourage play! Playing builds storytelling skills.**

**Color in the caterpillar as you complete the activities. You may substitute any suggested activity with your own read, write, sing, talk, play, activity.**

**YOU EARNED AN ENTRY INTO THE DRAWING**

**BOOKAWOCKY**  
MY SUMMER LIBRARY EXPERIENCE

**MELSA**  
Metro Public Libraries

Entry into Crayola Experience Drawing: Please print clearly.
